

## MEMBER REQUEST TO SPEAK DURING BOARD MEETING

The TMEC Board of Directors welcomes you to this meeting!

The Board will conduct their "Open Session" before membership. Please keep in mind that you are strictly an "observer" during this part of the meeting.

At other times during this meeting, board members may wish to ask for information from membership in attendance, but please refrain from comment unless asked by a member of the board.

Members of the Board are always pleased to hear from members outside the meeting, but our agenda is usually full and does not allow for continuous open forum.

At the conclusion of "Open Session," the President, will open the floor to members wishing to speak.

**IF** you desire to address the Board with questions, comment etc., a "Request to Speak" form must be completed and handed to a board member **PRIOR** to the Presidents' conclusion of "Open Session".

**Only** those members who have completed forms handed in prior to conclusion, will be allowed three minutes to speak without interruption. The Board will then address your question, comment etc.

In event your request cannot be answered, a director will email you to further resolve.

"Request to Speak" segment of meeting is allotted 30 minutes in total duration.

Thank you.
